	148.2397	-22.36488		No			No			No	
1/09/2025	148.1942	-22.30611		No			No			No	
2/09/2025	148.1653	-22.29131	Dispersal	No		Likely current denning	No	Suitable hollows present in proposed disturbance area. 2 GG seen in the area previously.	Shelter dispersal mapped habitat.	No	Have seen a koala in this area before.
3/09/2025	148.1624	-22.29048	Dispersal	No		Likely current mapping.	No	Suitable GG hollows present	Shelter and dispersal	No	Koala trees present. No other evidence
4/09/2025	148.2298	-22.36472	Dispersal	No	Dense grass. No SQP flushed and no nests found.	Likely current	No	Large stags with hollows present in the disturbance footprint. Drone survey required before clearing.	Foraging shelter dispersal	No	Small koala trees present, no evidence or direct observation.
5/09/2025	148.2296	-22.36469	Dispersal	No	Dense grass. No birds flushed or nests identified.	Likely current	No	Hollows greater than 100mm present in the area. No evidence of GG	Foraging shelter dispersal.	No	Minimal koala trees in the area. Small trees present. No scat or direct observations.
18/09/2025	148.1597	-22.28884	Dispersal	No		Likely current	No	Greater gliders previously seen in the area. Suitable hollows present.	Foraging shelter and dispersal	No	
17/09/2025	148.2439	-22.36549	Not habitat	No		Not habitat	No		Dispersal	No	Some koala trees in the area however very sparse and not great connection to suitable habitat.
23/09/2025	148.1608	-22.28874	Dispersal	No		Likely current denning	No	Two greater gliders seen in 1km radius in the last few months.	Dispersal, shelter and dispersal	No	Young male koala seen within 1km radius in the last 2 months.
23/09/2025	148.1611	-22.28943	Dispersal	No	No squatter pigeons seem in the area.	Likely current	No	Have had two gliders seen in the area. Thermal drone survey required and completed.	Dispersal and shelter and dispersal	No	One young male koala seen in the area previously.
1/10/2025	148.1603	-22.28788	Dispersal	No	No sqp seen in the area	Likely current	No	Two GG seen previously in the area. Suitable habitat trees present.	Dispersal	No	No koalas seen in this pre clearance survey.
2/10/2025	148.1608	-22.2874	Dispersal	No	No SQP seen in the area. No SQP seen previously in the area	Likely current	No	2 GG seen in the area during previous clearing. Suitable hollows minimal.	Dispersal	No	One male koala seen two days prior in an ironbark.
8/10/2025	148.1599	-22.28731	Dispersal	No		Current likely habitat	No	Suitable hollows present. Two GG seen in the area previously.	Dispersal	No	One koala seen in area on Monday. Thorough pre clear found no koalas, continual spotting.
15/10/2025	148.2437	-22.36824	Dispersal breeding and foraging	No	No SQP seen	Likely current and foraging.	No	No suitable hollow trees. Poorly connected. No GG seen.	Not habitat	No	Two male koalas seen in the area previously.
15/10/2025	148.2405	-22.36587	Dispersal	No	No sqp presence indicated.	Foraging	No	No large euc trees present. No hollows.	Dispersal foraging and breeding	No	Koala trees present. No koalas identified and no scat identified.
13/10/2025	148.2326	-22.36369	Dispersal	No	No presence indicated.	Not habitat	No		Dispersal	No	No large euc trees. No presence identified.
15/10/2025	148.23	-22.36115	Dispersal	No	No nests or individuals identified	Likely current	No	Some suitable hollows	Foraging shelter dispersal	No	No NJKT no presence indicated
21/10/2025	148.2402	-22.35347	Dispersal	No	No nests or individuals identified in clearing extent.	Likely current	No	No suitable hollow trees in clearing extent.	Dispersal	No	No presence indicators.
21/10/2025	148.2312	-22.35872	Dispersal	No	No nests or individuals identified before or during clearing.	Likely current and non habitat	No	Suitable hollows identified.	Foraging shelter dispersal	No	No suitable trees in clearing extent.
21/10/2025	148.2419	-22.36851	Dispersal	No	No presence indicators.	Foraging	No		Not habitat	No	Suitable trees identified.
22/10/2025	148.2304	-22.35783	Dispersal	No	No nests or individuals identified before or during clearing.	Likely current and non habitat	No	Suitable hollows identified.	Foraging shelter dispersal	No	
22/10/2025	148.2293	-22.35921	Dispersal	No	No nests or individuals identified before or during clearing.	Likely current and non habitat	No	Suitable hollows identified.	Foraging shelter dispersal	No	Suitable trees identified.
